

To use the street view, move your cursor over the "pegman" 🧑 icon on the left side of the map. Drag the pegman so the small circle is over the point of interest on the blue lines (usually main roads).

[How to use this map \(Read this first\)](#)

Then click on the point to switch to street view.

[How to use this map \(Read this first\)](#)

Click on the small blue bubbles to view a 360° panorama.

To exit from street view, click on the tiny arrow in the upper left corner of the map as shown above.
